Practice gratitude and give thanks to Jesus; learn body parts and their functions

Presentation

Hook: Ask the children to point to different parts of their bodies. Say, "God created our bodies. In our lesson today, we will learn some of what our body parts do and how to praise God for things big and small."

Book: Follow along with me as we read I Have 10 Toes, Thank You Jesus! Point to the body parts as I read them. Do what the body parts do. Shout with me 'Thank you, Jesus!'

Evaluation

Ask the children what else they are thankful for, and give them ideas: "Did you wake up this morning? Thank you, Jesus! Do you have toys? Thank you, Jesus!"
